RAID IS MADE ON TAGGART'S CLUB

French Lick Springs, Paoli, Ind., Subject of Attack Through Courts.

APPLICATION TO REVOKE THE CHARTER IS MADE

Charge Is That Gambling Is Allowed on Property Owned by Company.

PAOLI, Ind., July 3.—Attorney-General Charles Miller, acting under instructions from Gov. Hanley, today filed in the Orange county courts an action to revoke the charter of the French Lick Springs Hotel company at French Lick, this county. The company is a corporation of which Thomas Taggart chairman of the Demogratic Taggart, chairman of the Democratic National committee, is president. It is charged that gambling is allowed on the property owned by the hotel com-

A second sult was filed by the Attorney-General against the Baden Springs Hotel company, in which demand is made for the revocation of the com-pany's charter on account of permiasion of gambling on the property.

Arrests Made in Raid.

Sheriff Maris, Deputy Sheriff Jones, Constable Baggerty and City Marshal John Salice raided the Casino at the French Lick and West Baden Springs hotel today at the same hour that Attorney-General Miller filed proceedings in the Orange County Circuit court. A number of arrests were made and considerable gaming paraphernalia was captured. Attorney-General Miller's letter was received here this afternoon to direct the disposition of the confis-cated property. In the clauses charging gamblin gat the hotels on account of which revocation of the charter is demanded, the complaint says:

Called Menace to Morals "Your relator says that the defendant has exceeded and abused its charter rights and privileges and has usurped and arrogated to itself authority which was never granted and which it has never rightfully had and cannot have and by reason thereof and by reason of the publicity given to its business, legal and illegal, and the public char-acter there and of the open, notorious, wanton and wilful violation of the law of the State for the protection of so-ciety and the morals thereof and by reason of the menace to the morals and welfare of society and the good name of the State, that a continuation of said acts will be and by reason of the re-proach and disgrace the defendant has brought upon the State and the inhabi. tants thereof has forfeited all its corporate rights, privileges and franchises and its right to exist, and your relator says that said defendant is now fla-grantly violating the laws of the State and permitting its building to be used as a gambling house, where the laws of the State are being violated every day." The Casino at French Lick is de-scribed at length in the complaint, and

the charge is made that children are allowed to frequent the gaming tables. Claim is made that the company derives an income of \$50,000 annually from the gambling features. Should you go to Saltair or Lagoon

Chicago Ments. LONDON, July 3.-Edward Page Gaston of Chicago testified today be-fore the select committee of the House of Lords on juvenile smoking, that the worst article America sent to Great Britain was the American cigarette.

"It is worse," he said, "than Chicago tinned meat."

Mr. Gaston also warned British legislators against attempts at bribery on the part of the American tobacco trust

islators against attempts at bribery on the part of the American tobacco trust in order to balk unfriendly legislation.

Earl Beauchamp, chairman of the committee, closely questioned Mr. Gaston regarding the effect of the American laws against the sale of tobacco to minors, and he stated that nearly one-fourth of the population of the United States now benefited through living under anti-cigarette legislation.

The proposed British bill, which probably will receive the indorsement of the House of Lords committee, provides for a fine of \$5 for the first oftense in supplying tobacco to minors, \$10 for a second offense and the revocation of the offender's license on a third conviction.

the Hearts of Soldiers.

Vesterday afternoon the garrison rejoiced at the official visit of Major Robert S. Smith of the paymaster's department, Denver, Colo. It was pay day. An extra important occasion this time. Payment was made at this unusually early date on account of the hike that is before the men.

Today, the glorious Fourth, will be fittingly observed as a holiday at the garrison, all work being suspended. A post ordinance prohibits the indiscriminate use of fireworks; they will be confined to the parade ground. At noon a detachment under the command of Lieutenant Grey of the regiment will fire the customary salute of forty-five guns to the Union.
